Skills

Software: JavaScript, React.js, HTML/CSS, Git/GitHub, Node.js, Express

Employment

DigitalCrafts | Software Engineer | Houston, TX   **January 2021 – Present**
- Build and deploy responsive front end and full stack web applications.
- Implement UI designs and functionality with React, Redux and Bootstrap.
- Integrate third party APIs using OAuth standard.
- Collaborate with teams of 2-5 utilizing version control workflows, the Agile Methodology and Trello.

Freight Cowboy | Account Executive | Houston, TX   **December 2018 – August 2019**
- Sold web application access for logistics and auditing services.
- Became top performing salesperson within months of starting role.
- Generated new business by means of cold calling (350+ calls per week).

Schreiner University | Regional Enrollment Coordinator | Kerrville, TX   **2014 – 2018**
- Led regional recruitment efforts to bring in the largest class ever, in the university's 96-year history, in Fall 2018.
- Tripled quota ($8.56 million in revenue) for the Rio Grande Valley, the lowest socioeconomic region of the state, in two years' time, and doubled the international student population.
- Established three satellite campuses in territory to meet high demand.

Projects

Cube News | www.cubenews.org
- Serverless, RSS news aggregator application that pulls the latest, breaking stories from top media outlets around the world.
- Features categories in news, business, tech and sports.
- Built with React, React Router, Material-UI, CSS, Three.js, Context API (for optional light/dark modes) and Netlify serverless function.

Ticket Senpai | www.ticketsenpai.com
- The Expedia of ticket purchasing applications–allows users to search once and compare ticket prices across three of the most popular ticket vendors: SeatGeek, TicketMaster and StubHub.
- Built with React, React Router, React-Bootstrap, PostgreSQL, Sequelize, Nodemon and Heroku.
- Utilizes local storage to allow users to save tickets for events that they are interested in attending.

Spotify Clone | www.spotify-by-smith.com
- Value-added Spotify music player that displays the current song's lyrics as it is playing.
- Access token for user's Spotify login that auto-renews one minute prior to expiration, for uninterrupted listening experience.
- Built with React, React-Bootstrap, Node.js, Express, Spotify API, CSS, Heroku and Netlify.
